To Whom It May Concern

I have pleasure in writing a letter of reference for Ben Tokunaga and EX Company on behalf of New Horizon College of English in Napier. We have been working together to offer students from Japan a wonderful New Zealand study experience for many years.

Students who choose to make their arrangements through EX Company can be sure that they will receive excellent service and support while in New Zealand.

The student counsellors are always well prepared and make sure they have the latest information from each school. They can offer good advice to clients and are able to help with the best study choice for each individual.

We enjoy working with this company and if you choose EX Company then I'm sure you will enjoy a good relationship with them too.

Christine Schmidli
Principal
